Our facility is located on the right hand side of the road approximately 2 blocks east of the stoplight intersection of Miles and Richmond Road. At that intersection there is a McDonalds and two gas stations.

There is a low-to-the-ground sign in the front of the red-bricked building complex. The upper part of the sign says Cardiac Science; the lower part of the sign says Oakwood Laboratories.

If you go under the underpass, you've gone too far.
